You can't fight the moonlight  
And you can't stop the time  
It's the way it is  
And that's the way I wanna be  
'Cause that makes me feel free  
No matter what

Night after night  
Day after day  
You're trying to tell me to change

It's just the way I am  
The things I do  
It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am

I don't wanna go back again  
I don't wanna make the same mistake  
Then I might loose you  
That's the way it has to be  
We both have to feel free  
When it comes to our dreams

Time after time  
I keep telling you that  
Nobody has to change

It's just the way I am  
The things I do  
It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am

It's just the way I am  
The things I do

It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am

Night after night  
Day after day  
You're trying to tell me to change

It's just the way I am  
The things I do  
It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am

It's just the way I am  
The things I do  
It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am

It's just the way I am  
The things I do  
It's just the way I feel  
When I'm around you  
Don't think about the reason why  
It's not a lie  
I know that deep in my heart  
It's the way that I am
