"What If I Kissed You Now"

Visit "[What If I Kissed You Now](#)" on MotoLyrics.com

So here we are
Trying to talk some sense into our hearts
This can't be love
We're best of friends and that should be enough
But if that's true
Tell me why I'm holding on to you
Like I'd never let you go

What if I kissed you now
And turned it all around
What if I kissed you now
And stars fell to the ground
Would I be losing you if I do
Or would you want me too
What if I kissed you now
What if I do

What's going on
Someone's gone and change our special song
They dimmed the lights
See them shine like planets in our eyes
Here it comes
All that I've been missing for so long
I could never let you go

What if I kissed you now
And turned it all around
What if I kissed you now
And stars fell to the ground
Would I be losing you if I do
Or would you want me too
What if I kissed you now
What if I do

Oh did I leave it for too long
Has the moment that I dreamed of come and gone
Time will tell but I know this much is true
I don't wanna dream of anyone but you

What if I kissed you now
And turned it all around
What if I kissed you now

And stars fell to the ground
Would I be losing you if I do
Or would you want me too
What if I kissed you now
What if I do

What if I kissed you now
And stars fell to the ground
Would I be losing you if I do
Or would you want me too
What if I kissed you now
What if I do
(What if I do
What if I do
What if I do)
