Chorus:

Déjà vu

Coming right back to you (4x)

Verse 1:

All alone

Here as one

By the light of the sun

Live and learn

Fires burn destiny is just begun

On a wing and on a prayer

Homeward bound is almost there

Something old

Something new

Déjà vu (Déjà vu)

Verse 2:

Watching time as it flows where it stops

Nobody knows

Distant land shifting sand secret place where

No-one goes

There's a calm before the storm so much love

To keep you warm

May your dreams all come true

Déjà vu (Déjà vu)

Chorus:

Déjà vu

Coming right back to you (2x)

Déjà vu

All around the world

Déjà vu

All around the world hey
