Chorus:

Forever and ever day by day, each and every day,  
Forever and ever day by day, (turn around),  
Each and every day

Verse 1:

(Far far away) We've come so far,  
Journey of a lifetime to who you are,  
(Far far away) No more despair,  
Destination calling you, you'll find somewheres

Verse 2:

(Far far away) Your state of mind,  
Be optimistic, Don't be left behind  
(Far far away) And face the past,  
Build a new foundation that will always lasts
