Well I saw you on the avenue  
And as usual you're with someone new  
I guess there's nothing left for me to do but turn away  
I'm growing tired of all your alibis  
There ain't one you can justify  
I ain't gonna take it anymore and I'll tell you why

You think it doesn't show I figure let me go  
If you're gonna let me down let me down easy  
It's time you got it straight you know it's hard to take  
If you're gonna let me down let me down easy

We've been going through some changes  
And I'm well aware of all the dangers  
Sometimes you look at me so strange and it leaves me  
cold  
But now you've gone and blown your covers  
I know all about your temporary lovers  
I ain't taking it another day and that's for sure

You think it doesn't show I figure let me go  
If you're gonna let me down let me down easy  
It's time you got it straight you know it's hard to take  
If you're gonna let me down let me down easy

Oh when I look at you now  
I can't believe you're leaving  
All those years and you've got nothing to say  
Turn around and walk away

You think it doesn't show I figure let me go  
If you're gonna let me down let me down easy  
It's time you got it straight you know it's hard to take  
If you're gonna let me down let me down easy

You think it doesn't show I figure let me go

If you're gonna let me down let me down easy  
It's time you got it straight you know it's hard to take  
If you're gonna let me down let me down easy
