I know what you're thinking.
I know what you're feeling.
I feel every move your body makes.
I know when you're cryin'
Hurt when you're lying to me.
I know when your heart's about to break.

CHORUS

But when I'm out of hand,
I just can't understand
How you love me like you do.
How you love me like you do.
How you love me.

I know when you need me
To hold you and just be.
I know when we need to be apart.
I'm there when you're lonely,
But I'd die
If you ever left me.
I've cried every tear
That's in your heart

When I'm out of hand
I just can't understand
How you love me like you do
How you love me like you do
How you love me
Like you do

REPEAT CHORUS
