"Hai Hai"

The sun goes up, the sun goes down, and still my life is
just spinning around
It builds me up, it drags me down, and keeps me
looking for some solid ground
Hai hai, hai hai, hai hai
The race is on, the stakes are high, they want your
body better dance or die
The game is up, the die is cast, this roller-coaster may
well be your last
Hai hai, hai hai, hai hai
If you want to know me, if you want to know me
Won't you love me like no body ever did before
The road is long, the climb is steep, and ghosts and
goblins never seem to sleep
The storm has gone, the sky is clear
But there ain't no courage when there ain't no fear
So get away, oh get away
The sun goes up, the sun goes down, and this old
world is still spinning around
It fills me up, it drags me down, and keeps me looking
for some solid ground
Hai hai, hai hai, hai hai
If you want to know me, if you want to know me
Won't you love me like nobody ever did before
