Who's to say, who's to know, where the ship is going to
blow
Taking time beneath the trees, State of mind, state of
ease
Easy come, easy go, what a life, what a show,
Caught in old familiar ways, has our love gone
astray? ...
Gone away? ...gone away? ...
Open the door ... Open the door
Open the door-I want to be with you
Open the door-I want to play with you
Do what you want to, be who you want to be
'Cause I don't care what you say or what you do to me
I'm having trouble going a whole day without you
Don't want to live if it's a lifetime without you
Come on give me some sing I can see
Come on give me now-show me something
Open the door-I want to be with you
Open the door-I want to play with you
Open the door-I want to dream with you
Open the door-I want to stay with you now...
Right, right on, easy come, easy come -easy go-easy
come
And I know, yes I know that I'm wanting the world to be
one
But we take as we please and we can't see the wood for
the trees
But I know, yes I know when I open the door I'll be home
I want to go home, I want to go home...
Right, right on, easy come, Easy come-easy go-easy
come
And I know, yes I know That I'm wanting the world to be
one
But we take as we please And we can't see The wood
for the trees
But I know, yes I know When I open the door I'll be free
I want to go free, I want to go home...
Open the door-I want to be with you
Open the door-I want to play with you
Open the door-I want to dream with you
Open the door-I want to stay with you now...
Do what you want to, be who you want to be

Cause I don't care what you say or what you do to me
I'm having trouble going a whole day without you
Don't want to live if it's a lifetime without you
Come on give me some sign I can see
Come on give me now-show me something
Who's to say, who's to know
