I love you
You love me
But you never say that to me,
I want you
You want me
So how come I don't believe?
It's in the way you
kiss my face,
And in your every move...

[CHORUS]

Won't you tell me something
Simple Like the truth -
Even if it isn't "I love you"?
Won't you let me know your heart,
And lay me down...
Is it so hard to tell me?

"It's nothing,
Don't be stupid,"
How come you always
Say that to me?
"It's alright, take it easy,"
But easy is so hard to be...

It's in the way you
Brush me by,
The way that you make love...

[Chorus]

It's not that I'm weak
Baby I can't take it,
It's not that I'm blind -
I can see you fake it...
If you only knew
What I'm going thru -
Then you'd find the words to whisper
Or you'd find the strength to leave...

[Chorus]

I watch you
You're reading
But baby you're so hard to read -
I love you
You love me
But you never say that to me...
