Lost at sea, Drifting wreck
Leaves my fear, We move closer
Warm breath on my neck
Trace waves on your shoulder
But I dreamt this before
You left me on the ocean floor
No call for help
But baby I'm reaching

Is the message in the bottle
Gonna break and find your shore
If I have to hold my breath
And I can wait
But I want more

(chorus)
If only you knew
Like a tear run dry
I can taste you now
A memory on my lips
Well I touched you once
And I know somehow
I'll reach you beyond a kiss

Back and forth, Lapping tide
Your moist breath, And I'm drowning
Lost you, I've lost time
In the ocean that found me
Was it all in my mind
Summer's rain left behind
No call for help
But baby I'm reaching

Is the message in the bottle
Gonna break and find your shore
If I have to hold my breath
And I can wait
But I want more

(Chorus)

I wanna share the waves
That you're rushing through my veins
I wanna reach to you
Let you know that I have changed

(Chorus)

Oh, oh, I can taste you now
A memory on my lips
Well I touched you once
And I know somehow
I'll reach you beyond a kiss
