Here we go - ain't it grand
Here we stand on foreign sand
And we're not alone
Why do we fear what we don't understand
Can't we reach out our hand to try just say 'hello'
Try to plant a seed - fulfil the need - to make it grow -
just say hello
And when you're far from home try to learn from all
you see
Your eyes will tell you everything you need
Why do we dread what we really don't know
Come not as concubine - come not as foe
Come with intentions clearly shown
Try to plant a seed - fulfil the need - to make it grow -
just say hello
And though you're far from home try to learn from all
you see
Your mind will tell you everything you need - everything
you need
Here we go ain't it grand
Here we stand on foreign sand
And we're not alone
Red, yellow, black and white
Every man stand in the light - stand not alone
It's not a lie - it's not a sham we play for keeps - it's not a
scam
No bigotry - we're hand in hand - it ain't a cinch - we
make a stand
We learn to live on foreign sand
Just say hello
Why do we despise when we can't even speak
We keep on spreading lies
As far as we know it's the only way to be
Try to plant a seed - fulfil the need - to make it grow -
just say hello
And though you're far from home try to learn what you
could be
Your heart will tell you everything you need
Even though you stand here you stand on foreign sand
Ain't it grand here we stand
On foreign sand
Together we stand

Here we stand
On foreign sand
