Breathe in the air  
Make for the meadow and savour the grass while it  
lasts  
By and by  
Spidery fingers of industry reach for the sky  
Brick upon brick, stone upon stone they grow  
Choking the atmosphere, oh, so incredibly slowly  
Sulphur and carbon and hydrogen sulphide and lime  
Fever, corrosion and cover your cities with grime  
Something is killing the land before your eyes  
And the sunshine

Is not to blame  
Could be the insane, inhuman games we play  
Day by day  
River and fool  
??? (Rushing) home in a crowd, I'm alone  
Close your eyes, lie still  
You are a mountain stream and I am a hill  
Far, far away  
There is a field of blossom and bees and new mown  
hay  
Breathe in the air  
Breathe in the air  
Breathe in the air  
Breathe in the air
