Daylight Saved
Daylight Saved
To spite the darkin
Spite of the darkness
There I'll crave
There I'll crave
To get to the heart
In spite of the darkness
Great wide stretches of canvas
Signed by a godless name
Strange bright colours of madness
Only a fool would frame

Sketches of Pain
Sketches of Pain
Sketches of Pain
Some cry shame
Some cry shame
We tore them apart
We failed to imagine
God might claim
God might claim
The works of art
We failed to imagine
Great wide stretches of canvas
Signed by a godless name
Strange bright colours of madness
Only a fool would frame
