"Tune In To Jesus"

Tune in to Jesus, wherever you are. Turn it all over, to him in the stars.

Tune in to Jesus, and then you will Know. Just turn to Jesus, then let it go.

Walk thee with Jesus, every day. Talk Thee with Jesus, every night.

Tune in to Jesus, whenever you pray. Just turn to Jesus, into the light.

Lets go to heaven, just you and I. For it is golden, the angels don't lie.

Come to Nirvana, just you and me. Tune into Jesus, then you will see.

Chorous

Over and under around, and over again. Helplessly wandering here in this

Valley of sin.

Winnin' and losin' and playin' in lifes mortal game.

Jesus is oh what a friend,

Just call out his name.

(Instrumental verse)

Tune in to Jesus, wherever you are. Turn it all over, to him in the stars.

Tune in to Jesus, and then you will Know. Just turn to Jesus, then let it go.

Walk thee with Jesus, every day. Talk Thee with Jesus, every night.

Tune in to Jesus, whenever you pray. Just turn to Jesus, into the light
