Well it's been a long time since I've seen you,
You're looking good
Can't begin to tell how much I've missed you
I wish I could
But I like what you're wearing for me
And I could do things for a little bit of your sympathy

Don't expect for it to last forever
It never does
But it sure beats talking 'bout the weather
It surely does
And I like what you're singing to me
But it's better with a little bit of harmony

We should try to get our love together
Once in a while, put ourselves together
It's looking good, let's get our shit together
Sure won't hurt you now (sure won't hurt you now)
Sure won't hurt you now to try

Ooh ooh ooh ooh ooh ooh

Well it's been a long time since I've seen you,
You're looking good
Can't begin to tell how much I've missed you
I wish I could
But I like what you're wearing for me
And I could/can do things for a little bit of your
sympathy

We should try to get our love together
Once in a while, put ourselves together
It's looking good, let's get our shit together
Sure won't hurt you now (sure won't hurt you now)
Sure won't hurt you now to try

Why don't we try to get our love together
Once in a while, let's get our act together
Why don't we try to get our love together
Once in a while, get our shit together
(once in a while, once in a while, together, together)

Why don't you try (why don't we try, why don't we try)
together
Once in a while (once in a while, once in a while)
together, together
Why don't we try (why don't we try, why don't we try)
Together together
Once in a while let's get our shit together
Why don't we try
