Well I haven't seen your face for years  
I thought you had just disappeared  
Don't you worry, what are friends for?

You can call me up most anytime  
I never go to bed til five  
Don't be a stranger  
Just knock on my door

I heard you're in the south of Spain  
Never coming back again

Don't be a stranger  
A stranger no more  
Don't be a stranger  
Just knock on my door

Well the key is hanging on the chain  
Are you still drinkin the same champagne  
While I been waiting on the fifteenth floor?

Have a glass while I light the fire  
You still have those hungry eyes  
Don't be a stranger  
Just knock on my door

You can tell me about your escapades  
The story of your lost decade

Don't be a stranger  
A stranger no more  
Don't be a stranger  
Just knock on my door

(hey baby spoken in background)

Hey baby

Do you still drive the young men wild?  
You were all so very versatile  
I need your lovin like never before

Well you walk with the same old swatch  
I still got the same old couch  
You see the painting that you always adored

And I love you sittin in my chair  
Come closer let me smell your hair

Don't be a stranger  
A stranger no more  
Don't be a stranger  
Just knock on my door

Don't be a stranger

Don't be a stranger

Don't be a stranger

Don't be a stranger

Don't be a stranger

Don't be a stranger
