I think I decided to get out of the rain
I wasn't thinkin' I'd be stayin'
But when you pulled me off the door-step
Somehow I knew I'd end up paying
Somehow I knew, I knew I'd end up paying, yes
This thing that does the pain

'Cause I love too much
I can't help it if I love you too much
So much more than just a simple crush
I can't help it if I love you
I can't help it if I love you

You call it morbid fascination
I call it nasty education
Friends of mine, they all snicker and sneer
They're all laughin' while I cry in my beer
I never give-in
I get discourage but I never give in

'Cause I love too much
I can't help it 'cause I love you too much
You got me dizzy like a martini lunch
I can't help it if I love you
I can't help it if I love you

I come to tell you that I'm sticking it out
I like your body obsession
You give me something I know nothing about
Instilling madness in my member

I can't fight my own obsession
You can call it, call a lesson

I love you too much
So much more than just a simple crush
You got me dizzy like a martini lunch
I can't help it if I love you
Love you too much

I can't help it if I love you
I can't help it 'cause I love you

I can't help it if I love you
I can't help it if I love you
