It's just the nearness of you  
It's not the pale moon that excites me, baby  
That thrills and delights me  
Oh no, it's just the nearness of you

It's rather than your sweet conversation  
That brings, brings this sensation  
Oh no, it's just the nearness of you

When I'm in your arms  
And I feel you so close, so close to me  
And all baby, all of those wildest dreams  
They come true

It's just the nearness of you

[Incomprehensible] that you enchant me  
If only you'll grant me  
Ooh, the rights to kiss and hold you so tight  
To feel, feel in the nights  
The nearness of you, the nearness baby, nearness  
To feel yes, the nearness of you

The nearness of you, the nearness of you

Feel in the nights  
Nearness baby, nearness, the nearness of you  
Oh yeah, nearness baby, the nearness of you, oh Lord
