Guess it's just another dream

That's slipping away

Each time I fall asleep

It seems I'm just drifting away

Just as you have touched my heart

Babe I wake and we're apart

Yeah and it's slipping away

Here comes just another day

That's drifting away

Every time I draw a breath

It's dying away

First the sun and then the moon

One of them will be here soon

Slipping away

Slipping away

Drifting away

Slipping away

Just as you have touched my heart

I wake up babe and we're apart

It seems we're slipping away

Slipping away

Slipping away  
All I want is ecstasy  
But I ain't getting much  
Just getting off on misery  
It seems I've lost my touch  
Well it's just another song  
But it's slipping away  
We we didn't sing it long  
'Cos it's fading away  
First the sun and then the moon  
One of them will be here soon  
Slipping away  
Slipping away  
Slipping away
