Sweethearts together  
We've only just begun  
Sweethearts together  
We'll take life as it comes  
Sweethearts forever  
Two hearts together as one

Everybody needs someone  
To tell their troubles to  
To share the pain and laughter  
In a world beset with fools  
To help you with your ups and downs  
Someone to heal your wounds  
So we're

Sweethearts together  
When two hearts beat as one  
Sweethearts together  
We've only just begun  
Sweethearts forever  
Two hearts together as one  
As one

Everyone so cynical  
And says that love won't last  
Think about your future  
Stop living in the past

Time's not standing still  
So stop looking through those tinted glasses

Sweethearts together  
We've only just begun  
Sweethearts together  
So glad I've found someone  
Sweethearts forever  
Two hearts together as one  
As one

But love is never easy  
It's never silky smooth  
There's always something tempting

In the wilderness of youth  
But I will stay right by your side  
The truth will out, you'll realize  
We're

Sweethearts together we've only just begun  
Sweethearts together  
So glad I found someone  
Sweethearts forever  
Two hearts together as one
