If I was the sun way up there  
I'd go with my love almost everywhere  
I'll be the moon when the sun go down  
Just to let you know I'm still around

That's how strong my love is  
That's how strong my love is  
That's how strong my love is  
That's how strong my love is

I'll be the weeping willow drowning in my own tears  
We can go swimming when you're here  
I'll be the rainbow when the sun is gone  
Wrap you in my color and keep you warm

And that's how strong my love is  
That's how strong my love is  
That's how strong my love is  
That's how strong my love is

I'll be the ocean so deep and wide  
I'll dry your tears whenever you cry  
I'll put your breeze out when the storm is gone  
To dry your eyes and keep you warm

That's how strong my love is  
That's how strong my love is  
That's how strong my love is  
That's how strong

That's how strong my love is  
That's how strong my love is  
That's how strong my love is

That's how strong my love  
That's how strong my love is  
That's how strong my love is  
That's how

That's how strong my love is  
That's how strong my little love is  
That's how strong my love is

That's how, that's

And so wide

You can't get over it

And so deep you can't get around me

And that's how strong

That's how strong

That's how strong my little love is

Girl, that's how strong

That's how strong my little love

That's how strong it is

That's how strong my love is

That's how strong I love you

That's how strong my love is

That's how strong

That's how strong

That's how strong my love

It's so deep, so deep, so deep

And that's how strong my love is

That's how strong my little love is
