Well I said from the first  
I am the worst kind of guy  
For you to be around  
Tear me apart  
Including this old heart  
That is true  
And never ever let you down

You shouldn't stick with me  
You trust me too much, you see  
Take all the pain

It's yours anyway  
Yeah kid...

Oh, put the blame on me  
You ought to pass, you see  
Somewhere outside  
I threw love aside  
Now it's a tragedy

I said from the first  
I am the worst kind of guy  
For you to be around
