

## Rolling Stones "Tops"

Visit "[Tops](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Hey baby, every man is the same come on  
I'll make you a star  
I'll take you a million miles from all this  
Put you on a pedestal  
Come on, come on

Have you ever heard those opening lines?  
You should leave this small town way behind  
I'll be your partner, show you the steps  
With me behind your tasting of the sweet wine of  
success

'Cause I'll take you to the top, baby  
Hey baby, I'll take you to the top  
I'll take you to the top, baby  
I'll take you to the top

Step on the ladder, toe in the pool  
You such a natural, you don't need no acting school  
Don't need no casting couch or be a star in bed  
Never, never, never let success go to you pretty head

'Cause I'll take you to the top, baby  
I swear we'll never going to stop, baby  
I'll take you to the top

Don't let the world pass you by  
Don't let the world pass you by  
Don't let the world pass you by  
You better take your chance now baby  
Or be sorry for the rest of your sweet loving life

Baby, oh, sugar  
Hey sugar, I'll take you to the top  
I'll take you to the top  
I'll take you to the top, sugar  
I'll take you to the top

I'll take you to the top  
I'll take you to the top  
I'll take you to the top  
I'll take you to the top
