Walkin' thru the sleepy city
In the dark it looks so pretty
Till I got to the one cafe
That stays open night and day

Just a lookin' at the sleepy city
In the night it looks so pretty
No one sees the city lights
They just care about the warmth inside

No one listens to what people say
I just sit and hear the radio play
Just then this girl walked in my way
And she was as pretty as my sleepy city and

Will you walk thru the sleepy city
In the night it looks so pretty
Tired of walkin' on my own
It looks better when you're not alone, oh yeah

Will you walk thru the sleepy city?
In the night it looks so pretty
I'm tired of walkin' on my own
It looks better when you're not alone

Will you walk thru the sleepy city?
In the night, well it looks so pretty
I'm tired of walkin' on my own
It looks better when you're not alone, oh

C'mon walk thru that sleepy city
I said in the night it looks so pretty
I'm tired of walkin' that park on my own
It looks better when you're not alone
