And I wish I'd never met you  
And I wish that I would cry  
And my whole life I'd loved you baby  
And I know deep down inside

That I wish that I would die  
And I wish, our love would die  
And I wish that I could collect from you  
For all your senseless crimes, yeah

And I wish that I forgot her  
And I'll buy another drink  
And all the love you've taken back  
Was all that took me sane

And all the things you told me  
And all there was to tell  
And all that love you've taken back  
Will this all end up in hell, well

And I wish that day I met you  
With a thought, with a doubt  
And all my dreams were broken  
And just lying on the ground

And I lost the day I met you  
And I cursed your way of life  
And all that times you broken me  
Now I was chocked, chocked up inside, well

And I wish the day I told you  
Was all my love for sale  
And I just can't trust you, baby  
You're just lying over here

And I wish I had a dollar  
And I wish I had a dime  
For all the lies you told me  
And all your central crimes

And I just, just got to leave you  
And lying in your dreams

'Cause all those lies are broken  
And all those special things, well
