When do you think the search is over?

Confusion kissed me on the cheek and left a taste so
bittersweet

Unsure where I've been, the distance, it blisters
Locked up with the villain

Time is worthless

When

Time is worthless

Hearts

Time is worthless

When

Time is worthless

Hands

Mindless wanders searching for answers
Riddled with guilt for sins not yet committed

Time is worthless

When hearts are magnets

Time is worthless

When hands are magnets

Time is worthless

When hearts are magnets

Time is worthless

When hands are magnets

Time is worthless

When hearts are magnets

Time is worthless

When hands are magnets

Time is worthless

When hearts are...

Time is worthless

When hands are...
