If you should fall  
I will be with you  
If you should find yourself alone  
Remember I  
Remember I will be here

And if you should cry  
I'll be beside you  
If you should fall  
If you should fall  
Remember I can be found

And if there's a hand on your shoulder  
You can be sure that it's mine  
If you should need  
If you should need  
Remember I can be found

And if there's a storm  
I'll be your sunshine  
If there's a sadness in your eyes  
Remember I  
Remember I'll be in the smile  
And when there is pain  
When there is sorrow  
If there's a need  
Remember I can be found  
I can be found
