Feeling blue
When I'm trying to forget the feeling
That I miss you

Feeling green
When the jealousy swells and it won't
Go away in dreams

Feeling yellow
I'm confused inside a little hazy but mellow
When I feel your eyes on me

Feeling fine, sublime
When that smile of yours
Creeps into my mind

ohhhh.....

Nobody told me it feels so good
Nobody said you'd be so beautiful
Nobody warned me about your smile
You're the light
You're the light
When I close my eyes
I'm colourblind
You make me colourblind

Feeling red
When you spend all your time with your friends
And not me instead

Feeling black
When I think about all of the things that
I feel I lack

Feeling jaded
When it's not gone right
All the colours have faded
Then I feel your eyes on me

Feeling fine, sublime

When that smile of yours
Creeps into my mind

mmmm....

Nobody told me it feels so good
Nobody said you'd be so beautiful
Nobody warned me about your smile
You're the light
You're the light
When I close my eyes
I'm colourblind
You make me colourblind

Blinded by the light you shine
The colours fade completely
Blinded by you everytime
I feel your smile defeat me
I'm colourblind
I just can't deny this feeling

Nobody told me it feels so good
Nobody said you'd be so beautiful
Nobody warned me about your smile
You're the light
You're the light
When I close my eyes
I'm colourblind

Nobody told me it feels so good
Nobody said you'd be so beautiful
Nobody warned me about your smile
You're the light
You're the light
When I close my eyes
I'm colourblind
(your the light
your the light
when i close my eyes)
You make me colourblind

(your the light
your the light
when i close my eyes)
you make me colorblind

(your the light
your the light
when i close my eyes
i'm colorblind)

(fading)
nobody told me it feels so good...
