DON'T FORGET TO BREATHE - written by Darius

You can't go on, be just as happy

You're confused

Gotta get out of here

Wanna just disappear and start anew

It's them who's wrong

Just can't see the girl inside

So when you feel down and out

Baby just turn around, and

Don't forget to smile

When you cry then try to think of me

Don't forget to smile

You don't need to hide

Don't forget to breathe me

Don't forget to feel me

When you're on your knees

Don't forget to breathe

You're out of breath, out of patience

Out of mind

They cut you with words and lies

You wish you could close your eyes and leave behind

The jealousy, wish they could see

The hurt inside

So when it grinds you down

Baby just turn around, and

Don't forget to smile

When you cry then try to think of me

Don't forget to smile

You don't need to hide

Don't forget to breathe me

Don't forget to feel me

When you're on your knees

Don't forget to breathe

It's their ignorance that is your chance

For you to prove them wrong

All you need is to breathe

Is to feel you can see this through

Don't forget to smile
When you cry then try to think of me
Don't forget to smile
You don't need to hide
Don't forget to breathe me
Don't forget to feel me
When you're on your knees
Don't forget to breathe

When you're on your knees
Don't forget to breathe
