FREEFALL - written by Darius

Never thought I'd ever leave you
You used to say to me
We were meant to be
Never thought that I could leave you
It seemed a little wrong
We'd been there so long

And I found a new direction
I let go
I hope one day you'll find the same injection
And it feels good

I've never felt so light
I'm running
I'm reeling
And I'm rolling
And I don't know where I'm going, but
I'm flying like a kite
I'm reaching new heights
It took a fast track down
I'm free
I'm twisting and turning
Sober but burning
This is my freefall

Never did like the colour of the bathroom
I always said we should choose
Light turquoise blue
Never did like the way you burnt breakfast
But I used to say
I liked it anyway

Then I woke one Monday morning wondering
Why are we doing this
Is us being us for the best
We tie ourselves down
I was stuck to the ground
But now I can chase my dreams
I'm in a freefall

I've never felt so light
I'm running
I'm reeling
And I'm rolling
And I don't know where I'm going, but
I'm flying like a kite
I'm reaching new heights
It took a fast track down
I'm free
I'm twisting and turning
Sober but burning
I've not run away
I'm just finding my own way
I've never felt so good about me
I'm falling
I'm flying
I'm singing and I'm smiling
Now I won't endure the wait
Life's too short to hesitate
Make it quick
Turn around
I'm proud
I'm standing but spinning
I'm willing and I'm winning
This my freefall
Won't you take a freefall with me
Freefall
