She's got a blind smile and a soft touch
A cute little dimple when she laughs too much
They say you fall hard when you meet her
Such is her allure

She's got a quick wit and a fast tongue
But she doesn't seem to know that she's the one
They say, she cheats charm when she whispers
She's devilishly pure

You'd see if you knew her
She doesn't know but it's time I told her so

When I see your blushes
From a compliment of mine it touches
Something inside I'm getting rushes
The adrenaline rushes and I'm fascinated
That you really don't know how to take it
When I look at you that way you feel naked
And I'm so into you, I'm getting rushes

She's about five nine, got a sexy stride
With long tanned legs that she shouldn't hide
With a fine air of innocence
Nonchalance in every move

She's a sweet sensation, tease temptation
She looks good enough to eat
She's a fallen angel with a devilish streak
And so they say like with like will finally meet

You'd see if you knew her
She doesn't know but it's time I told her so
When I see your blushes
From a compliment of mine it touches
Something inside I'm getting rushes
The adrenaline rushes and I'm fascinated
That you really don't know how to take it
When I look at you that way you feel naked
And I'm so into you, I'm getting rushes

But you just don't know

Well, it's time I told you so

Well I like it, I want more
And I like it, I want more
And I like it, I want more
Never felt it like this before

It's more than adrenaline rushes
It's the touch and the smell of skin flushes
Some call it, 'Love at first sight'
I call it 'Butterflies'

When I see your blushes
From a compliment of mine it touches
Something inside I'm getting rushes
The adrenaline rushes and I'm fascinated
That you really don't know how to take it
When I look at you that way you feel naked
And I'm so into you, I'm getting rushes

From a compliment of mine it touches
Something inside I'm getting rushes
The adrenaline rushes and I'm fascinated
That you really don't know how to take it
When I look at you that way you feel naked
And I'm so into you, I'm getting rushes
