Dusk 'til dawn
You don't miss a kiss 'til its gone
So just hold on
We don't have forever for long
I don't need to tell you what
You already know
I don't wanna say
What my lips wanna show
My heart's like dynamite
Ready to blow

Until the stars come crashing down
Until the Earth spins half-way round
Until the sunlight hits the ground
Baby you should know
I won't let you go
Until the stars crash down

From dusk 'til dawn
I wanna believe that you're mine
So let's not talk
Make love 'til we run out of time
I just wanna kiss you 'til our
Breath becomes one
Give me any wish and I would
Hold back the sun
Cause I know I'm gonna have to let
You go when it comes

Until the stars come crashing down
Until the Earth spins half-way round
Until the sunlight hits the ground
Baby you should know
I won't let you go
Until the stars crash down

Until the stars come crashing down
Until the Earth spins half-way round
Until the sunlight hits the ground
Baby you should know
I won't let you go
Until the stars crash down

Until the stars come
Until it all comes
Until the stars come crashing
Down...
