

Roman Holliday "Stand By"

Ruby said that you were on your way
Well, the red alert was sounded and it blew the night.
Locked me in the back room out of the way.

Well when they say you've lost your touch I smiled.
They couldn't handle anything you're laying down.
It's a fact you put the "snap" in crocodile

CHORUS

You send me crazy when you said
We're gonna spend all day in bed
My heart went out of style
I get scared inside when you stand by.

My aftershave has given my hiding place away
Stiletto heels a split skirt, you're a dream
But when you locked that bedroom door I screamed

Chorus again

Ruby said that you were on your way
Well, the red alert was sounded and it blew the night.
Locked me in the back room out of the way.

CHORUS
