[Kasey]

I got a million dollars baby
tell me what you want to do
I can take you far away from here
I can take you to the moon
You might get sold out
Take you home
And lay a million kisses on you
I got a million dollars baby
Tell me what you want to buy
I'll buy you a big 'ol diamond ring
and every star up in the sky
but when your stars don't shine
I'll give you mine
and lay a million kisses on you
If you money you want I got it
got a ring down in my pocket
if you say I do I'll marry you
and lay a million kisses on you

[Mikellah Jordan]

you don't need a dollar baby to steal this heart of mine
you're heart is worth a million bucks and it's beating
next to mine
if you've got the time I'll make you mine and lay a
million kisses on you
you don't need a dollar baby to make my heart sing
you don't have to buy me stars or fancy cars
but I'll be glad to wear your ring
take out that ring and put it on I'll lay a million kisses on
you
if it's love you want I got it
take that ring out of your pocket
I'll say I do to marry you
and lay a million kisses on you

[Kasey]

I'll buy your love if you name a price

[Mikellah Jordan]

boy your loving will suffice

[Kasey]
if it's love you want then it's love I'll be

[Mikellah Jordan]
whatever you are is all I need

[Kasey]
If it's money you want I got it
Got a ring down in my pocket
if you say I do I'll marry you
and lay a million kisses on you

[Mikellah Jordan]
if it's love you want I got it
take that ring out of your pocket
I'll say I do to marry you
and lay a million kisses on you

[Kasey]
when your stars don't shine I'll give you mine
and lay a million kisses on you

[Mikellah Jordan]
if you've got the time I'll make you mine
and lay a million kisses on you
