At night
They come for you
At night
They come for while your asleep
They come
At night for you
They come while your asleep

I Stand Before You
Open your eyes, see my what I am
I stand before you, taking you to another world again

I stand before you
Look into my eyes

I've been all alone
Leaving myself home
Journey in my head
I won't be in bed

I'm not alone
Were not alone
I'm not alone
Were not alone

They live inside me, thoughts of nothing, thoughts of all i see
They live inside me leaving me to braces I have been

I stand before you
Look into my eyes

I, I've been all alone
Leaving myself home
Journey in my head
I won't be in bed

I've been all alone
Leaving myself home
Journey in my head
I won't be in bed
