I got my drink and I'm sippin' it
And then I look, I see ya silhouette
I walk to you, but I don't wanna chase
And I pull my arms up all around your waist
We're holdin' on tight cause the feelin' is so right
We floatin' away and we're feelin' we're in flight
And all of the night see only you in my sight
And I don't wanna let you go

So hold on
If you love it in my arms
You're feelin' it's alright
When you're movin' in my arms
Hold on
If you love it in my arms
Cause I don't wanna let you go
So I don't wanna let you go

(Bass!)

Hold on
Hold on

We're goin' on and see we can not break away
I'm movin' tight like a hurricane awake
And when you get up and dance
When you come roll into my ways
I don't wanna let you go

We're holdin' on tight cause the feelin' in the sunrise
We floatin' away and we're feelin' we're in flight
And all of the night see only you in my sight
And I don't wanna let you go

So hold on
If you love it in my arms
You're feelin' it's alright
When you're movin' in my arms
Hold on if you love it in my arms
Cause I don't wanna let you go

Bass!
See you dance
Get this goin' in my head
Way you move way you whine
Way you step up and brain
Get me goin' in my head
Lookin' that you want to come my way
When you're touchin'
When you come my way
When you get up
Then you come my way
So find your way

So hold on
If you love it in my arms
We're feelin' it's alright
When you're movin' in my arms

Hold on
Hold on
