Don't break my heart
Don't break my heart

What you do
What you say
Is not a game
It's how you play

Love
You talk about love
If I want it
That's tough
You taste my lips
You call my name
You're taking your fingertips
And they's wrapped in my brain

[Chorus:]
Don't break my heart
'Cause you just won't find what you're looking for
Don't break my heart
And if you want me around you need to give me more
Don't break my heart
'Cause a broken heart just can't break

Lies
You tell me lies
But I'm a woman
I get first prize
I feel so rich
My number won
You can crash my cymbals
But don't beat my drum

[Repeat Chorus]
It never breaks, because you know baby I have what it
takes

Too many signals
I've got to turn it off
You're gonna break down
Show me a man who ain't got a good woman

I'll show you a man who ain't got a good heart

Love

You talk about love

If I want it

That's tough

You taste my lips

You call my name

You're taking your fingertips

And they's wrapped in my brain

Don't break my heart

Don't break my heart

'Cause you just won't find what you're looking for

Don't break my heart

'Cause you just won't find what you're looking for

Don't break my heart

Break. Don't break my heart

Don't break my heart

Break it, break it up

You just can't find it

Never gonna, never gonna find it
