Looking at the sky, I see the sun is almost gone,  
The temperature outside is freezing, time to have  
some fun!  
Hiding in some bushes, wait until it's dark,  
Keep an eye on the elderlyhome, I'm hiding in their  
park!

Start masterbating! While I'm waiting!  
So frustrating when I have no grannies to fuck!  
Entering the door of a grey senile senior,  
I am possessed & get undressed & in her face I  
scream the law

I SCREAM THE LAW! LUBRICATE THE FUCKSAW! (2x)

Remove the scabby bits, from her wrinkled tits,  
She's scared & she shits, on pictures of her kids,  
She feels that it fits, when my fucksaw hits  
Her 90-year-old clit & I'm fucking proud of it!

LUBRICATE! EJACULATE!

I fuck her mouth until she drowns!  
Dementing shit turns my fucksaw brown!  
Lubricate with ancient juice,  
Grandma makes my fucksaw ooze!

LUBRICATE! EJACULATE!

Ninety years was long enough, I gave her the fuck-of-  
her-life!  
Until her fuckin' husband comes in & takes a look at his  
dead wife!
