I am the evil babysitter parents please beware,
Your baby will inhale my shit I-don't-care!

Squat in the fucking cradle with my pants down,
My hairy anus on it's mouth little baby drown!

All hail for the babysitter!

The first anal cigar is now filling tiny lungs,
There comes some gass now suck my ass with your
tiny tongue!

The baby looks pathetic, with it's mask of shit,
It makes me furious so I-get-rid-of-it!

Fuck!
You!
Kid!
