Heart stop calling her name
Heart stop playin' this game
She doesn't love you anymore.

I'm tryin' to lead a life of my own now
But you don't wanna let me alone now
You keep reminding me of her kiss
But How can I go on like this?

Heart stop calling her name
Heart stop playin' this game
She doesn't love you anymore.

I wanna go out and enjoy the sights
I wanna forget about those lonely nights
I wanna meet and love someone new
But I can't because of you.

Heart stop calling her name
Heart stop playin' this game
She doesn't love you anymore.

Heart stop beatin' so fast
you knew it wouldn't last
She doesn't love you anymore.
