Ey bedade man reside, tu ruzaye khodshekistan,
ey cheraghe mehrabuni, tu shabaye vahshate man,
ey tavabore haghghat, tuye lahzehaye tardid,
to shabo az man gerefti, to mano dadi be khorshid,
age bashi ya nabashi, baraye man tekyegahi,
miyune in hame doshman, to refighi, joonpanahi,
yavare hamishe momen, to boro safar salamat,
ghame man nakhor ke duri, baraye man shode aadat,
najiye atefeye man, sheram az to joon gerefte,
rage khoshke budane man, az tane to khun gerefte,
age madyune to basham, age az to bashe joonam,
ghadre un lahze nadare, ke mano dadi neshunam,
yavare hamishe momen, to boro safar salamat,
ghame man nakhor ke duri, baraye man shode aadat,
vaghti shab, shabe safar bud, tuye kучehaye vahshat,
vaghti hamsaye kesi bud, vase bordanam be zolmat,
vaghti har saniyeye shab, tapeshe harase man bud,
vaghti zakhme khanjare dust, behtarin lebase man bud,
to ba daste mehrabuni, be tanam marham keshidi,
baram az roshani gofti, halgheye shabo daridi,
yavare hamishe momen, to boro safar salamat,
ghame man nakhor ke duri, baraye man shode aadat,
ey toloe avalin dust, ey rafighe akhare man,
be salamat, safaret khosh, ey yegane yavare man,
maghsadet harja ke bashe, harjaye donya ke bashi,
unvare marze shaghayegh, poshte lahzeha ke bashi,
khateret bashe ke ghalbet, separe balaye man bud,
tanha daste to refighe, daste bi riyaye man bud,
yavare hamishe momen, to boro safar salamat,
ghame man nakhor ke duri, baraye man shode aadat
