The second I saw you
What was important wasn't important no more
Love will do that
Love will do that

Made the ole moon burn brighter, led to all-nighters
Made sleeping a thing of the past
Love will do that
Love will do that

It changes everything
Makes the angels sing
Puts the past in the past

It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that

Turns minutes to hours
Days into years
Gets time to moving so fast
Love will do that

It makes you move mountains or not an inch
Life's good right where we're at
Love will do that
Love will do that

It changes everything
Makes the angels sing
Puts the past in the past

It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that

It'll give you a sunset and an old rockin' chair
A hand to hold while you're looking back
Love will do that
Love will do that

It changes everything

Makes the angels sing
Puts the past right back in the past

It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that
Oh, I know, I know, I know, love will do that
Love will do that
