Have you ever seen
A prairie wind make a wave
On a wheat field
Bringing needed rain

Have you ever seen
A mama stop a baby's cry
With just the touch
And a whisper of his name

When she looks at me
That's what I see

She's beautiful like that
Like a winter rose, snow on the ground
I was blessed the day I found her

I'm one lucky man
'Cause the more I know, the more I need her
The more I love, the more I see
Her heart is a shining star

She's beautiful like that

Have you ever seen
A purple sky, sun coming up
Bringing new life
To everything it shines on

Have you ever seen
A couple after fifty years
Laughing and holding hands
Still going strong

Well, the reason why
I'll love her 'til the day I die

She's beautiful like that
Like a winter rose, snow on the ground
I was blessed the day I found her

I'm one lucky man

'Cause the more I know, the more I need her
The more I love, the more I see
Her heart is a shining star

She's beautiful like that

The sound of a church bell
The road that leads back home
An unspoken promise
You'll never be alone

She's beautiful like that
Just like a winter rose, snow on the ground
I was blessed the day I found her

I'm one lucky man
'Cause the more I know, the more I need her
The more I love, the more I see
Her heart is a shining star

She's beautiful like that
She's beautiful like that
She's beautiful like that
