(Ronan Keating)
Turn down the light,
Turn up the radio,
There's a fire in your eyes,
and it's keeping me warm,
Hold on to me,
like it was yesterday,
when we both felt our
spirits come alive.

(Kate Rusby)
I remember the moment,
being struck down by lightning,
since the first time I saw,
your face and your smile,
Come and lay down with me,
fill the space that's between us,
feel the magic that keeps love alive.

(Both)
This time, can be like the first time,
Close your eyes and soon we'll be there,
No man could ever guess what you're feeling,
Turn a spark, to a flame, make a wish,
close your eyes, won't you start all over again.

(Ronan Keating)
Just like the first time
that you touched my skin,
All over again
I tasted heaven
take me there again,
All over again.

(both)
Your smile,
Your touch,
Your taste,
It turns me on and on and on,
That I fall in love with you,
All over again.

(Kate Rusby)
Come and step through the stars,
Take a ride through the universe.
As long as we're here,
lets take the whole thing in.

(Ronan Keating)
What I'm trying to say,
Is that you are so beautiful,
Let me say it all over again.

(both)
Cos this time can be like the first time,
Close your eyes and soon we'll be there
No man could ever guess what your feeling,

Turn a spark to a flame,
Make a wish, close your eyes,
won't you start all over again.

(Ronan Keating)
Just like the first time you touched my skin,
All over again
I tasted heaven take me there again,
All over again

Your smile,
Your touch,
Your taste,
It turns me on and on and on.
That I fall in love with you,
that I fall in love with you,
that I keep falling in love with you.
All over again

All over again.
All over again.
All over again.
