You said you could see no end
The world and himself were all on your back
I vowed to take your hand
Show you the world in a different light

All that you've done
You've got to believe
In all of your dreams

No matter what the world can throw at you
You know you can believe, believe in me
And after all, I'll still believe in you
And even if you cannot see
The brighter light ahead I'll be
You must believe, believe in me
And after all, I'll still believe in you

LaÂ...

I'll pull away the clouds
That cover you up and leave you down
I won't leave you all alone
I'll be there for you in your darkest hour

All that you've done (all that you've done)
You've got to believe (got to believe)
In all of your dreams
(In all of your dreams, all of your dreams, yeah)

No matter what the world can throw at you
You know you can believe, believe in me
And after all, I'll still believe in you
And even if you cannot see
The brighter light ahead I'll be
You must believe, believe in me
And after all, I'll still believe in you

And when it's dark outside
I'll protect you from the night
My shoulder you can rely
I won't do you wrong

All that you've done (all that you've done)
You've got to believe (got to believe)
In all of your dreams
(In all of your dreams, all of your dreams, yeah)

No matter what the world can throw at you
You know you can believe, believe in me
And after all, I'll still believe in you
And even if you cannot see
The brighter light ahead I'll be
You must believe, believe in me
And after all, I'll still believe in you
