I feel we're free to believe
We could live by the sea
And cast our dreams upon the icy waters
But that's not how it is
In this world we live
We crossed the line sometime ago
Danger's all we know

We are soldiers
Fighting for a cause that we're not sure of
You and I are..

Caught between the two desires
Stolen ice and passion fire
All the while the stakes get higher baby
We are caught inside a web of darkness
Never knowing where the heart is
Running when the hardest part is knowing
We are caught
So caught....

If we could fool the clock
And go back to the spot
Will we end up just the same or maybe different?
That's a fantasy
But it's not for you and me
The world we know is live or die
Trying to survive

We are strangers
Travelling in endless nights of shadows

You and I are..

Caught between the two desires
Stolen ice and passion fire
All the while the stakes get higher baby
We are caught inside a web of darkness
Never knowing where the heart is
Running when the hardest part is knowing
We are caught

We are... (we are, we are)
Woah...

We are soldiers
Fighting for a cause that we're not sure of
You and I are..

Caught between the two desires
Stolen ice and passion fire
All the while the stakes get higher baby
We are caught inside a web of darkness
Never knowing where the heart is
Running when the hardest part is knowing
We are caught
So caught...
