I thought that I  
Was like an island  
Guess I was wrong  
Guess I was wrong  
I see your face  
And then it hits me  
That I will miss you  
Oh when you're gone

My heart will sleep  
Until you wake it  
I hope and pray  
It won't be long

This house is home  
And when you leave it  
Then I will miss you  
Oh when you're gone

I've been taking it  
All for granted  
It was there in  
Front of my face  
I couldn't see

Into understanding  
And how could I know  
How could I lose my way

I've been taking it  
All for granted  
I got no excuses for that  
I couldn't see  
Into understanding  
But how could I know  
I wonder when you look back

Will you remember  
Our road is straight  
Our road is long  
My heart is with you  
And I will miss you

Oh I will miss you  
I know I will miss you  
Oh when you're gone
