While she lays sleeping
I stay out late at night and play my songs
And sometimes all the nights can be so long
And it's good when I finally make it home,
All alone
While she lays dreaming
I touch her face across the silver light
I see her dreams that drift up to the sky
And she wakes up to my kiss ,and i say it's alright
Chorus:
And i hold her tight
And she believes in me
I'll never know just what she sees in me
I told her someday if she was my girl
I could change the world...With my songs
I was wrong
But she has faith in me
And so I go on trying faithfully
Forever in my heart she will remain
And i hope and pray
I will find a way....find a way
While she lays waitin
I ask myself why do i hurt her so
What's calls me on along this lonely road
Why don't i turn around and head back home
Where i belong
While she lays cryin
Cause she knows my heart is ripped in two
I'm torn between the things that i should do
She deserves it all , and i'd give it if i could
That a love is true

Chorus:
Cause she believes in me
I'll never know just what she sees in me
I told her someday if she was my girl
I could change the world
With my songs
But i was wrong
But she has faith in me
And so I go on trying faithfully
Forever in my heart she will remain

And i hope and pray
I will find a way...find a way
While she lays...while she waits for me...
