What the world needs now is love, sweet love
It's the only thing that there's just too little of
What the world needs now is love, sweet love,
No not just for some but for everyone.

What the world needs now is love, sweet love
It's the only thing that there's just too little of
What the world needs now is love, sweet love,
No, not just for some but for everyone.

Lord, we don't need another mountain,
There are mountains and hillsides enough to climb
There are oceans and rivers enough to cross,
Enough to last till the end of time.

What the world needs now is love, sweet love
No, not just for some but for everyone.

What the world needs now is love, sweet love
It's the only thing that there's just too little of
What the world needs now is love, sweet love,
No, not just for some, oh, but just for
Every, every, everyone.
