Make me tell you for real

I know you know
Here that we can start the show

I know you know
Here that we can start the show
(Make me tell you for real)

I know you know
Here that we can start the show

It's just a good vibe feeling every day
(Make me tell you for real)

I know you know
Here that we can start the show

I know you know
Here that we can start the show
(Make me tell you for real)

Comin from the ghetto and you know we're not playin
(Make me tell you for real)
Run we come to run the dance today
(Make me tell you for real)
???????? tell ya what ya see
It's just a good vibe feeling every day
